## Statement 1- David Redgewell

With the west of England mayoral combined Authority in special measures we are concerned about progress and working together on public transport and especially bus service the Department for levelling up and are worried about Bristol city council, Banes and South Gloucestershire county council work together and funding through the Transport levy , The Duplication of officer function where Bristol city council, Banes so appear large Transport Department is carrying out functions that should be run by the west of England mayoral combined transport Authority

South Gloucestershire county council has transferred more of its functions and staff to west of England mayoral combined transport Authority,

Bus shelter maintenance in Bristol is very expensive for the Taxpayer with Bristol city council attending to repair shelters and infrastructure contractors when the west of England mayoral combined transport Authority attending to repair real-time information systems and put up timetables also happen in South Gloucestershire county council and Banes.

By now we should have had and bus shelter maintenance service across the west of England mayoral combined transport Authority and North Somerset council, which by now should be applying to join the west of England mayoral combined transport Authority Maintenance and management of bus and coach station and interchanges

For example bus shelters in pegasus road, Durbin Road Asda stores bus station ,Cribbs causeway bus station Highwood Road including metrobus are not being maintained or in Henbury crow lane Interchange, Bristol Temple meads station, Temple Gate, Or lower Bristol Road Bath Somerset,

Bus service have caused many problems in the city Region with many communities, rural and urban estates

Loosing service because the local councils would not raise the Transport levy ,despite requests from the metro mayor Dan Norris asking councils to protect vital bus and coach services

To work school College university heath provision hospital basic food shopping trips leisure and Tourism facilities,

The councils did not increase the levy

Westlink Demand responsive bus services were not a replacement service as west link Demand responsive bus services is designed as a feeder service to main line ,bus coach and railway services,

So bus service were withdrawn and

In some cases temporary bus ran

and many area were then left in Banes ,south Gloucestershire and Greater Bristol without bus services.

**NO OTHER COUNCILS OR COMBINED TRANSPORT AUTHORITYS HAD RUN**

Temporary bus service in England just get over local elections, but it happened in the west of England mayoral combined transport Authority and North Somerset council bus service improvement plan area ,

With many communities without public bus services and the cost of living crisis people unable to afford taxi's

and council leaders and the metro mayor unable to reach agreement on the bus subsidies and bus services improvement plan funding,

Passengers groups, equalities forums

Residents and older people forums

And MPs of all colours Luke Hall, Kerry

McCarthy, Geoffrey Clifton Brown, Cotswolds MP, Sioban Baillie MP, Stroud, Wera Hobhouse MP for Bath all raised the West of England Mayoral Combined Transport Authority and North Somerset Council bus network and services to the Cotswolds and in to Somerset Unity Council area

Question in the House of Commons to Transport Secretary Mark Harper MP and the Bus Minister Richard Holden MP, were raised on the bus service cuts across the city Region, Somerset and Gloucestershire,

Permission was given to use bus services improvement plan money on support services alongside local council funding to bring back vital bus services in urban and rural communities but talks failed to agree a way forward at West of England Mayoral Combined Authority committee and joint committee meetings

So passengers groups, communities groups, older people forum, disability equalities forums, Residents Association, Tenants Association, civic groups.

All ask the Secretary of State for Transport Mark Harper MP and Michael Gove to look at the situation in the West of England Mayoral Combined Transport Authority and North Somerset Council bus service improvement plan area,

Today we have seen the government take action to bring in a panel to help run the West of England Mayoral Combined Transport Authority and hopefully focus on delivering public transport Network service for the city Region and restore public bus services, following the auditors report.

There is also a need for an equalities officer at the West of England Mayoral Combined Transport Authority and North Somerset Council,

And a panel set up by the Department of Levelling Up working for stakeholders and passengers

For a clear plan on light rail system planning in the city Region,

For delivery of bus rail interchange facilities and interchanges,

On ferry services, improvement including accessibility to ferries and harbours,

The future arrangements for the local Enterprise partnership in the West of England in the Greater Bristol and Bath city region and North Somerset Council,

And its merger in the West of England Mayoral Combined Authority.

With North Somerset Council becoming a full member in the elections Mayoral Elections 2025,

We need the leaders of Bristol City Council, Bristol Mayor and future leader, leaders of South Gloucestershire County Council, Banes and North Somerset Council and the metro Mayor Dan Norris and officers to be delivering high quality public transport Network services for the city Region.

Like Andy Burnham in Greater Manchester Combined Transport Authority, Steve Rotherham Liverpool City Region Combined Transport Authority, Andy Street West Midlands Combined Transport Authority,

We need to replace urgent the Interim Directors and Chief Executive Officer

With employees of the West of England Mayoral Combined Authority and local Enterprise partnership,

To have a head of bus and coaches who is employed by the West of England Mayoral Combined Transport Authority and North Somerset Council,

A paid public servant.

The head of public transport Network

Must be West of England Mayoral Combined Transport Authority officer

That not to say Bob Scowen is not doing a good job but we need all staff as employees of the Authority urgently,

For Bus services improvement plan panel meetings to include bus service changes agree with passengers group for discussion as per Department for transport instructions and guidelines,

The last meeting finished 25 minutes early and did not discuss the bus operators changes at stagecoach west, First Group plc Wales and West buses Division, Transpora buses, big lemon buses, Gwent vale travel buses, A bus or any other company,

So passengers groups were unable to comment on bus services improvement plan funded services and advice the Bus service improvement plan Advisory Board,

There is major concern about officer running advisor panel working groups and not Democratically Elected members, raised by Labour Councillor Transport executive councillor Hannah young, North Somerset council and councillor Don Alexander Transport executive Bristol city council and chair of Western Gateway Transport Board,

And officer representing Banes and South Gloucestershire county council Transport councillors Sarah Warren Fiona\_Gourley and Chris Willmore and matt Palmer at South Gloucestershire County council,

We also need to Bus passengers forum

For passengers in the west of England mayoral combined transport Authority and North Somerset council area

Especially with Bus services improvement plans having to be Resubmitted to the Department for transport on the 12 th June 2024

Including community safety partnership Working with the police forces.

Avon and Somerset police, British Transport police, Bristol port police,

Intergrated Transport and interchanges improvements With bus rail coach and ferry services,

But facilities at Bus stop and interchanges bus and coach station for passengers with reduced mobility,

Details of shortages of bus and coach services staff Drivers cleaners engineers, Supervisors and managers at bus and coach Depot in the city Region at weston super mare, Wells, Bath and Bristol Hengrove and Lawrence Hill Depot of First Group plc, Wales and West buses Division,

Stagecoach west Patchway and Stroud bus Depots ,Big lemon buses at parson Street station Bristol, Transpora buses in Lydd Green Bristol, Favesaver buses Chippenham Wiltshire, and other bus operators,

We are also very short of Engineers

For our bus and coach services maintenance facilities,

Improvement in Bus and coach clean and presentation of buses washing and cleaning,

The mayor visited stagecoach west Bristol Depot to highlight cleaning of buses and bus presentation on the city Region bus network,

Closer working with the western Gateway Transport Board chair councillors Don Alexander Transport executive Bristol,city council and

Peninsula Transport Board,

Covering the south west of England,

The west of England mayoral combined Authority act ,

Which is set up to include North Somerset council,

An issue passengers groups and stakeholders want the government improvement panel to address urgently North Somerset council membership of west of England mayoral combined Authority,

Powers to joint fund through the Transport levy the supported bus service Network,

Under the 1985 act ,

And the 2017 Transport Acts.

The west of England mayoral combined transport Authority and North Somerset council have the powers to Tender the none commercial bus network, So communities are not cut off from schools, colleges, universities work, Heath care hospital and basic food shopping trips shopping facilities, railway station, and leasure and Tourism facilities,

The Transport acts are not being followed in west of England mayoral combined transport Authority and North Somerset council bus service improvement plan area,

The Transport levy not been increased

To fund bus services by Bristol city council, South Gloucestershire county council and Bath and North East Somerset council, and North Somerset council so vital public bus services have been withdrawn,

Many rural bus services do in fact form urban bus routes in to Bristol, Bath and weston super mare,

West of England mayoral combined transport Authority and North Somerset council officer must present options to the Elected mayor Dan Norris and councillor Hannah young transport executive North Somerset council,

Councillors Don Alexander Transport executive Bristol city council and Western Gateway Transport Board chair, Councillors Chris Willmore and matt Palmer at South Gloucestershire County council and Fiona\_Gourley and Sarah Warren option for bus services to be maintained across the city Region into Somerset, Gloucestershire and Wiltshire and Swindon Councils.

Report of Bus and coach stations must go to Transport, Housing and planning boards THIS THE ONLY COMBINED TRANSPORT AUTHORITYS Where theses meeting are in private,

Not Public,

West Yorkshire combined transport Authority, South Yorkshire combined transport Authority, Liverpool City Region, Greater Manchester combined Authority and mayor Transport Committee meet in Public,

Bus service are a market failure and requires large sum of public funding to support over £11 million people of revenue support from the bus service improvement plan money. Over £ 105 million pounds of Taxpayers money in the west of England mayoral combined transport Authority and North Somerset council joint Bus services improvement plan, Government fare cap money, west of England mayoral combined transport Authority mayor Dan Norris and councillor Hannah young,

Fares schemes

Soon to end July 2024 .

Birthday card fares scheme,

Care levers scheme,

We need to move forward with and Enhanced quality partnership with First Group plc Wales and West buses Division and Stagecoach west, and other bus operators,

Whilst with North Somerset council a full member of the west of England mayoral combined transport Authority by the mayoral Elections of 2025

Precepting powers for public transport requires an order in the house of commons and to Franchise the city Region bus network,

Like Greater Manchester combined Authority mayor Andy Burnham,

Liverpool City Region mayor Steve Rotherham and West Yorkshire combined transport Authority and south Yorkshire combined transport Authority, Are all set to Franchising the bus network and Take more control of the local railway network,

Andy street west Midlands combined Authority mayor Andy street is looking at Franchising the bus network.

As. Is Strathclyde transport Authority in Greater Glasgow and Transport for Wales and labour Welsh government,

We must plan more public control of our bus services

Passengers groups Our concern that the Secretary of state for Transport mark Harper mp and Michael gove Secretary of the for levelling up.

Will not fully fund the Transport Authority bus service improvement plan in review or Transport scheme unless this TRANSPORT AUTHORITY STARTS TO WORK FOR PASSENGERS RESIDENTS Taxpayers and communities and sort out who to work for the Bristol and Bath city region and parts of Somerset and Gloucestershire,

We have a need for the Department for transport funding for the Bristol Temple meads station, Parson street Bedminster, pill and Portishead line

Future station Ashton Gate

£50 million pounds required and Department for Transport funding approval we to make progress on this and North Somerset council and West of England mayoral combined transport Authority mayor Dan Norris make progress on this project with government urgent before the General election,

On bus services Some services were saved like the 84 85 yate Park and ride Yate Railway station yate bus and coach station Wickwar Charfield and Wotton under Edge,

Thanks to admission in South Gloucestershire county council councillors Chris Willmore and matt Palmer working with council Phillips Robinson executive member for transport Gloucestershire county council,

And the very important Bus services from Bristol city centre, st Paul's, St werburgess, Eastville park Stapleton Broomhill ,Fishponds, Downend Bromley Heath has been withdrawn.

With no services to Stapleton and Broomhill still today ,

This was raised in the house of commons by kerry Mccarthy mp and in Bristol city council by Councillor Marley Bennett labour and at Bristol full council meeting with a petition from local residents and stakeholders left without a bus service,

Whilst we welcome the bus service improvement in the Bristol city Region

With the new bus services.
