

WEST OF ENGLAND COMBINED AUTHORITY COMMITTEE

31 January 2020

REPORT SUMMARY SHEET

WECA AND MAYORAL BUDGET OUT-TURN APRIL TO DECEMBER 2019

Purpose

To present the forecast revenue budget financial outturn information for WECA and the Mayoral budget for the financial year 2019/20 based on actual data for the period April 2019 to December 2019.

Summary

This report includes the following key information:

- Spend on the Mayoral Fund is forecasted to be £549k more than the original budget due to the timing of project spend. This is fully funded through grants;
- A contribution of £396k will be made to an earmarked reserve, in line with budget, to meet the estimated costs of the next Mayoral Election in 2021;
- Spend on specific WECA projects is forecast to be £10.05m lower than originally budgeted which is due mainly to the timing, and planned use, of grant funding received;
- In year surpluses on interest received on WECA cash balances is forecasted to exceed budget by a further £30k within this report with an end of year income forecast of £1.35m;
- The overall WECA revenue budget is forecasting an end of year surplus of £305k.

Recommendations

Members of the Combined Authority Committee are asked to:

1. Note the Mayoral Fund and WECA revenue forecasts as set out in Appendices 1 and 2

Contact officer: Malcolm Coe

Position: Director of Investment and Corporate Services

Email: Malcolm.Coe@westofengland-ca.gov.uk

REPORT TO: WECA COMMITTEE

DATE: 31 January 2020

**REPORT TITLE: WECA & MAYORAL BUDGET OUTTURN APRIL –
DECEMBER 2019**

**DIRECTOR: MALCOLM COE, DIRECTOR OF INVESTMENT AND
CORPORATE SERVICES**

AUTHOR: MALCOLM COE

Purpose of Report

- 1 This report presents the forecast revenue budget financial outturn information for WECA and the Mayoral budget for the financial year 2019/20 based on actual data for the period April 2019 to December 2019.

Recommendations

The WECA Committee:

- a) Notes the Mayoral Fund and WECA revenue forecasts as set out in Appendices 1 and 2;

Background / Issues for Consideration

- 2 The WECA Financial Regulations require that the WECA Committee considers the revenue and capital monitoring position at regular intervals throughout the financial year.

Mayoral Fund Revenue Budgets

- 2.1 **Appendix 1** details the Mayoral Fund's forecast outturn revenue position for the 2019/20 financial year, which, overall, is **£549k** higher than the original budget. This is due to slippage on previous year grant funded feasibility projects. As these projects are funded by grants which were carried forward, the net position remains balanced. Variations and items of note within individual budget lines are:
 - 2.1.1 A contribution of £396k will be made to an earmarked reserve, in line with budget, to meet the estimated costs of the next Mayoral Election in 2021.

2.1.2 The revised forecast for 2019/20 includes slippage from 2018/19 on priority transport infrastructure feasibility studies. The original budget of £2,250m, (approved through the Investment Fund), is forecast to be spent as follows:

Figure 1: Infrastructure Feasibility Projects – updated spend profile

Priority Infrastructure Feasibility Studies	17/18 £000	18/19 £000	19/20 £000	Total £000
East of Bath Strategic Link	20		230	250
Bristol Temple Meads Masterplan		460	1,540	2,000
Total	20	460	1,770	2,250

WECA Revenue Budgets

2.2 **Appendix 2** details WECA’s estimated outturn revenue position for the 2019/20 financial year, which, overall, is a net surplus of **£305k**. The main points to note are:

Transport Levy

2.2.1 The forecast spend on Transport functions remains as originally budgeted.

2.2.2 The transport levy is set at the beginning of the financial year based on anticipated demand and spend using the previous year’s activity. Adjustments are made at the end of the financial year to reflect the actual out-turn position. For 2018/19, BANES had an underspend of **£155k**, and this is accounted for by a corresponding reduction in their levy for 2019/20.

2.2.3 **Figure 2: Updated Transport Levy for 2019/20**

Authority	Original 2019/20 Levy £000s	Adjustment 2018/19 £000s	Substitute 2019/20 Levy £000s
B&NES	4,259	(155)	4,104
BCC	7,912		7,912
SGC	2,566		2,566
Total	14,737	(155)	14,582

Variations on Project Spend

2.2.4 Spend on specific projects is forecast to be **£10.05m** lower than originally budgeted which is due mainly to the timing, and planned used, of grant funding received as detailed in *Figure 3*:

Figure 3: Variations in spend on Specific Projects

Project Spend	£000s
Reduction in Adult Education Budget following the government announcement of the WECA grant allocation.	(2,577)
Re-phasing of the investment funding (£10m) to regenerate the High Street.	(9,377)
HIF – increase in the budget reflecting slippage from 2018/19, the receipt of an additional HIF preparation grant (£141k) and additional investment funding (£1.2m) in October 2019	1,391
Various grants, (including Mayoral Capacity, Housing Capacity, Future Bright, Brexit and Apprenticeship Grant), received in 2018/19 and put into reserves for use in 2019/20 together with incremental grants in the year	614
Use of reserves previously approved	282
Rephasing of previously approved Investment Fund (revenue) as per WECA Committee	(387)
Net Reduction in Project spend budget	10,054

Income variations

- 2.2.5 The confirmation of the Adult Education Budget for WECA was £2.6m less than the indicative allocation that we received when setting the 2019/20 budget. This was primarily due to previous underspending within the provider base prior to the function being devolved from central government. However, there has been an increase in income relating to various other grants previously received and brought forward to fund 2019/20 spend.
- 2.2.6 The forecast decrease in investment funding is due to rephasing of spend across financial years. This is mainly due to the timing of the High Street regeneration fund where previously the full £10m was represented in the 2019/20 approved revenue budget whereas the majority of spend will be incurred from 2020/21 onwards.

Interest on Balances

- 2.2.7 An income budget of £820k was set in relation to the interest that WECA earns from investing cash balances held. In recent months we have improved cashflow forecasting having taken the Treasury Management function back 'in house' from April 2019. As a result, we have placed an element of the investment portfolio into longer term products which generate higher returns.
- 2.2.8 In previous budget monitoring we have reported surpluses amounting to £500k in excess of the set revenue budget with a corresponding recommendation for spending £250k of the surplus. The forecast in this monitoring report reflects an additional £30k surplus bringing the estimated out-turn to £1.35m income. However, it should be noted that investment returns will reduce over time as we begin to incur the capital delivery costs of the approved £350m WECA Investment Programme.

Drawdown from Reserves

- 2.2.9 Approved drawdowns from earmarked reserves of **£476k** are included in the forecast income for 2019/20 as follows:

Figure 4: Drawdown from Earmarked Reserves

Transfer from Reserves	£000s
Concessionary Fares Levy – reduction in BANES 2019/20 levy to reflect an underspend in 2018/19	155
Future Mobility reserve – to support a multi-million-pound bid for government funding	100
ICT Implementation reserve – to fund the transitional costs of moving from BANES to a new ICT provider	200
Cultural Strategy reserve – approved drawdown of spend to progress strategy work	21
Transfer from Reserves	476

Summary Revenue Budget position for WECA

- 2.2.10 The overall forecast performance of the WECA budget is a **£305k** surplus position, £280k of which is due to higher income received from cash balances invested.
- 2.2.11 The budget includes a transfer to general reserves of £100k, as approved in the original budget, with an increase of £250k into a specific reserve to fund Programme Management Office staff as approved in July 2019.

Consultation

- 3 Consultation has been carried out with the Monitoring Officer, Chief Executives, and S151 Officers across the three constituent authorities.

Other Options Considered

- 4 Value for Money and appropriate use of resources are constantly considered when monitoring and managing all revenue and capital budgets.

Risk Management/Assessment

- 5 This report forms a core part of the WECA's governance and risk management process. The forecast budgets presented in this report take account of known financial risks and their potential impact on the outturn financial position.

Public Sector Equality Duties

- 6 The public sector equality duty created under the Equality Act 2010 means that public authorities must have due regard to the need to:

- Eliminate unlawful discrimination, harassment and victimization and other conduct prohibited by the Act.
- Advance equality of opportunity between people who share a protected characteristic and those who do not.
- Foster good relations between people who share a protected characteristic and those who do not.

6.1 The Act explains that having due regard for advancing equality involves:

- Removing or minimising disadvantages suffered by people due to their protected characteristics.
- Taking steps to meet the needs of people from protected groups where these are different from the needs of other people.
- Encouraging people from protected groups to participate in public life or in other activities where their participation is disproportionately low.

6.2 The general equality duty therefore requires organisations to consider how they could positively contribute to the advancement of equality and good relations. It requires equality considerations to be reflected in the design of policies and the delivery of services, including policies, and for these issues to be kept under review.

6.3 All key service delivery functions continue to be delivered by the relevant constituent councils and impact assessments for service delivery, particularly highways and transport are included as appropriate within their individual Budget reports.

Climate Change Implications

7 On 19 July 2019, the West of England Combined Authority declared a climate emergency, recognising the huge significance of climate change and its impact on the health, safety and wellbeing of the region's residents. The Combined Authority is committed to taking climate change considerations fully into account as an integral part of its governance and decision making process.

Each report/proposal submitted for Combined Authority / Joint Committee approval is assessed in terms of the following:

Will the proposal impact positively or negatively on:

- * The emission of climate changing gases?
- * The region's resilience to the effects of climate change?
- * Consumption of non-renewable resources?
- * Pollution to land, water or air?

Particular projects will also be subject to more detailed environmental assessment/ consideration as necessary as part of their detailed project-specific management arrangements

7.1 The criteria applied for the drawdown of investment funding incorporates the impact that any proposed project will have on climate change. The spend on infrastructure in particular has a strong focus on improving the availability, and coverage, of public transport whilst reducing congestion on the region's roads.

Finance Implications, including economic impact assessment where appropriate:

- 8 The financial implications are contained within the body of the report. There are no direct economic impacts arising as a result of this report (although capital investment will ultimately deliver significant economic benefit to the region).

Advice given by: Malcolm Coe, Director of Investment & Corporate Services

Legal Implications:

- 9 This report monitors how WECA and the Mayoral Fund are performing against the financial targets set in February 2019 through the Budget setting process in accordance with the WECA Order 2017 and the Combined Authorities Financial Order 2017.

Advice given by: Shahzia Daya, Director of Legal Services

Human Resources Implications:

- 10 All spend on staffing is within the budget and resources as approved by the WECA committee. Fixed term contracts are applied for staff who are engaged on projects which have time limited funding, (i.e. specific grants).

Advice given by: Alex Holly, Head of Human Resources
